Re: 2017 National Public Works Week – May 21-27, 2017

National Public Works Week (NPWW) is just around the corner! NPWW is a celebration of the tens of thousands of men and women in North America who provide and maintain the infrastructure and services collectively known as public works. Instituted as a public education campaign by the American Public Works Association (APWA) in 1960, NPWW calls attention to the importance of public works in community life. NPWW seeks to enhance the prestige of the often unsung heroes of our society, the professionals who serve the public good every day with quiet dedication.

Locally, we are hosting our Annual Golf Tournament on May 22nd at the Quail Valley Golf Club (Missouri City) and the Public Works Picnic/ BBQ Cook-off Competition on May 24th at the City of Lake Jackson's MacLean Park.

The Picnic is a fun and informal event, attended by many area cities, with attendance that exceeded 450 people last year. The Picnic provides a venue for some serious cooking, friendly competition Barbeque, Desserts and Artwork, celebration and camaraderie.

We welcome sponsors and opportunities to support the TPWA Scholarship fund with the events. The Golf Tournament form is enclosed and the Picnic form is soon to follow. Please mark the dates on your calendar now and we invite you to participate!

Sincerely,

Wade Parks, P.E., CFM

We wish to thank all of our Sponsors for their gracious support.

We also wish to thank all the government agency leaders who have allowed their key employees to be our guests and play golf with our sponsors. The golf committee places these guests on sponsored teams to ensure employment infractions do not occur, and we will continue this practice. As we have done in the past, we request each sponsor leave a player position open, and we will place a government employee on your team.

Our guests have included members of Public Works Departments from Houston, Missouri City, Sugar Land, League City, La Porte, Pasadena, West University and Pearland; Houston Airport System; Harris, Fort Bend, Montgomery and Brazoria Counties; Harris County Flood Control District; METRO and San Jacinto River Authority.
